

the sp.ace

an open, collaborative working space

A space for people whose passion for solving extraordinary problems results in extraordinary accomplishments

A space for people who envision a more open, participatory and collaborative space agency

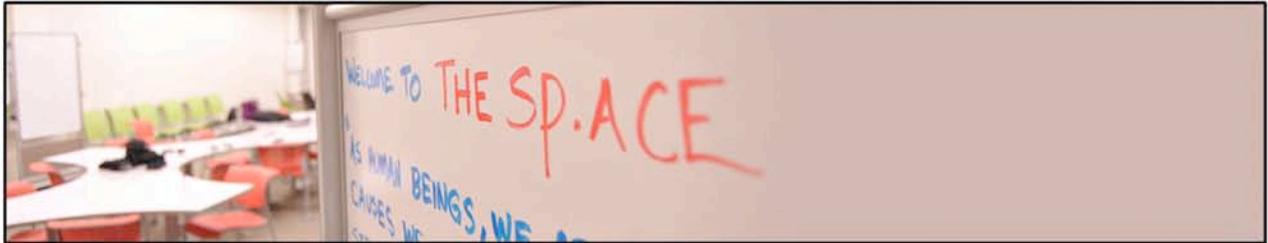

A space where challenging the normal rules of business is encouraged

the sp.ace

an open, collaborative working space

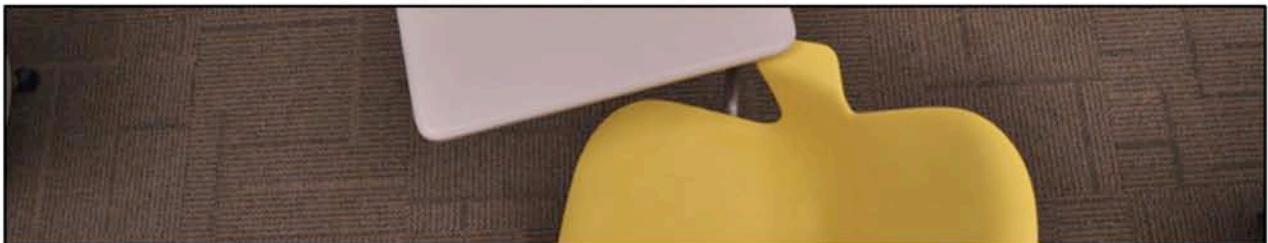

A space where an electric current of innovation pulses through every activity, meeting, and conversation

A space that amplifies the passion and creativity of those who work there

A space that is adaptable, innovative and engaging

directions to the sp.ace

Building 29, Johnson Spce Center
Control Room #1

Directions: The facility is located on the second floor in Building 29. From Building 4N, take the sidewalk between Building 7 and Building 29. Take the sidewalk between T585 and Building 7, then look for the staircase on the outside of Building 29 leading to second floor door. This is the closest door next to Building 34. You'll find the sp.ace at the top of the staircase in Building 29.
